EDUCATIONAL STATISTICS.—From the "Statistics of Private and Incorporated Schools, Academies, &c.," prepared by the clerk of the City School Board, under instructions from the Superintendent of Public Instruction, we have been permitted to make the following extracts, which will be of interest to our readers:

"There are in Alexandria thirty-two schools, exclusive of public ones; twenty-five for white and seven for colored youth. Of these, three are parish schools, one Episcopal, one Catholic, and one Jewish, the aggregate attendance in all three being one hundred and eighty. One of the colored schools is also absolutely free, except a charge for incidental expenses, while the others are almost so; their monthly charge for tuition not exceeding fifty cents, and, in some cases, being but twenty-five. The two largest of these schools, having, together, two hundred and twenty-two pupils out of the three hundred and thirty-two in the colored schools, are supported wholly, or in part by Northern societies."

"Of the white schools six are exclusive for males, and ten exclusively for females; the other nine are mixed. One of the male schools, with 67 students, is set down as 'military'; three, with an aggregate of 130 as 'high,' and two, with an aggregate of 62 as 'primary.'"

"Two of the female schools rank as 'high,' having between them only thirty-one pupils, while four, ranking as 'high and primary' have an aggregate of two hundred and fifty-three. The female 'primaries' are four, with an aggregate of seventy-eight pupils, while the mixed, excluding the parish schools, number seven, with one hundred and seventy-seven children. In all nine hundred and thirty-three white children have attended private and parochial schools during the year."

The term reports of the teachers of public schools in the city, for the session ending June 30th, show an enrollment of nine hundred and eighty-three children; of whom six hundred and twelve were white and three hundred and seventy-one colored; so that two thousand two hundred and forty-eight of the four thousand two hundred and eighty persons, between the age of five and twenty-one in the city, as ascertained by the census just taken, have attended school during the past year. Assuming the average age during which children are at school to be between six and sixteen, we find approximately, that nearly ninety-five per cent. of the white, and nearly seventy per cent. of the colored children between those ages have been receiving, at least, the rudiments of education. We think few cities can make such an exhibit.

PRODUCE RECEIPTS.—Among the receipts by the O. & A. M. R. R., this week, were the following:—Corn 1,584 bushels, wheat 15,252 rye 20, oats 356, onions 52, potatoes 10, flour 540 bbls., suanac, 2,899 sacks, apples 6 bbls., eggs 26 boxes, fruit 2, butter 24 firkins, fowls 200, bark 15 cords, lime 200 bbls.; cattle, &c. 28, wool 2 bales, brooms 22 bundles, hides 28 bundles, sundries 28 boxes and bbls., tobacco 135 boxes, leather 8 rolls, wood 14 cords, fish 2 bbls., pig iron 22,400 lbs., barrel stuff 13 crates, hair 6 lbs., rags 1,692, gunn 125 bags, pumps 6, sheep skins 7 bales, brass 158 lbs., iron 2,07, car wheels 20, bacon 115, lumber 36,000 feet, oak plank 1,700 feet, cattle 10 cars, sheep and cattle 2 cars, sheep 5 cars, staves 2, slate 1.

During the week there were received by the W. & O. R. R.—Wheat 2,516 bushels, corn 106, oats 80, meal 62, potatoes 40, onions 40, suanac 8,508 lbs., butter 36 bbls. and firkins, eggs 29 bbls., apples 36 boxes, fruit 110 boxes, and sundries 5 bbls., cheese 21 bales, fowls 24,000, calves 44 head, milk 70 gallons, hay 13 bales, wood 9 cars, stock 2.

A HEAVY RAIN STORM.—RAILROAD TRAIN OBSTRUCTED.—It was mentioned in yesterday's Gazette that the train on the O. & A. M. R. R. had been delayed the day before at Fairfax station, in consequence of a heavy fall of rain. The Fairfax News says: "One of the heaviest rains that has visited this section for several years, fell on Thursday evening. When the train arrived at Fairfax station great floods of water were pouring down from the adjoining hills, washing cord wood and railroad ties over the track, which completely blocked the train. The train was detained there about an hour, during which time a perfect avalanche of cord wood, ties, &c., swept past and were carried away into the swollen streams below. A large number of passengers who had attended the Association, attempted to get off, and some who succeeded were forced to gain take shelter in the train, as they were unable to get across the sea of water into the depot. After removing several cords of wood the train moved off, but it was doubtful at the time whether it could reach Alexandria, as it was feared the culverts had been destroyed." The train reached here about half an hour behind time.

FRUIT.—Mr. John Rust, at the Waverly Nursery, Oak Grove, Westmoreland county, Va., has, as the Catalogue shows, a great variety of pears, apples, peaches, and grapes, of the best kinds. An esteemed friend has sent us specimens of the Delaware, Concord, and Rogers' Hybrid Grapes and other varieties of superior quality; also some of the Flemish Beauty pears, equal to any pears we ever saw. We trust that Mr. Rust's enterprise in establishing his valuable Nursery, will meet with ample encouragement. Orders for trees and vines, sent to him, will receive prompt attention. The nearest landings to the Nursery are Leedstown on the Rappahannock and Lougwood on the Potomac.

READY FOR THEM.—The Washington correspondent of the Baltimore Sun says: "It is now claimed by the Virginia police authorities that they had a sufficient force on the Potomac, lying near the mouth of the would-be prize fighters in case they attempted to 'shut their castles' on Virginia. The policemen, who were promised assistance, if needed, from Fortress Monroe, did not learn that the fight was for the time 'off' till late last evening, a mail steamer from here informing them of the fact."

ROBBERY.—The house on Washington street occupied by Miss Mary Ann Roach as a female school, was entered last night by a thief who picked open a rear window with a wooden bar and opening a press took therefrom a key by which a draw was unlocked and from this draw a sum of money, amounting to about seven or eight dollars, was stolen. The theft was not discovered until this morning.

OUTRAGE AT A CAMP MEETING.

A report reached the police authorities yesterday that a member of the Alexandria Young Men's Christian Association had been dangerously wounded the previous evening at the Jackson Woods camp meeting. It is stated that during the services a number of young country roughs kept up a continual ribbing and jeering, to which no attention was paid for a time. The annoyance was continued so persistently that a young man from the above-named place at last went among them to remonstrate against their conduct, and returned in a short time with his abdomen slashed open by a wound from a knife and his bowels protruding from the aperture. The name of the sufferer could not be learned, nor any information be had as to the arrest of the guilty person.—*Wash. Chronicle.*

[This may be true, but nothing of it is known in this city.]

EXCITEMENT ON A RAILROAD TRAIN.—Some excitement was occasioned yesterday evening on a northern bound train on the Alexandria and Washington Railroad by the refusal of a passenger to pay his fare and the threat of the conductor to put him off. It appeared that the man, who had come from Washington to this city, had a return ticket, but had gotten off at the junction on a preceding trip, giving up his ticket before he did so, and when he got on again he refused to pay upon the ground that his fare was already paid. The conductor called the breakmen to eject him, but some of the other passengers took his part, and, as above stated, considerable excitement was the result, during which a lady fainted. As nothing would induce the man to comply with the terms of the conductor the difficulty was settled by a gentleman of this city who paid the required fare, which was returned to him by mail this morning.

BANKRUPTCY CASE.—The case of J. T. Henderson & Co. against the assignee of M. Eldridge & Co., was argued before Judge Underwood this morning in chambers. The defendant to the petition of J. T. Henderson & Co. was overruled, but two days given to amend the petition if the petitioners thought fit to do so, and ten days from the time the petition should be so amended, if amended, if not then ten days from to-day to the defendant within which to file his answer. The same proceedings were had in the cases of Washington & Herbert and G. H. Robinson & Son. The effect of this decision is to bring the cases before a jury on their merits. F. L. Smith and C. E. Stuart appeared as counsel for petitioners, and C. W. Wattles for assignee.

MAYOR'S OFFICE.—Two policemen, for dereliction of duty, were examined and reprimanded.
 Carrie Wilson, alias Anne Triplett, for disorderly conduct, was committed to the work house for sixty days.

MAGISTRATE'S OFFICE.—Justice White.—Thomas H. Davis and A. W. Harris, colored, for shooting on the premises of Mr. Fred. Ludwig, were dismissed upon the payment of costs.
NIGHT REPORT.—Night cloudy and rainy. There were no disturbances and only one prisoner at the station house.

THE MARKET. this morning, was well supplied with meats, vegetables and fruits, but good butter from the country was scarce. There was no change in the prices of meats and vegetables were "stiff" at last week's quotations. Tomatoes 10 to 15 cts. a quart; cabbage 5 to 10 cts. a head, according to size; corn 15 to 20 cts. a dozen; eggs were in good supply at 20 to 25 cts. a dozen; watermelons 15 to 30 cts. a piece, and cantaloupes 10 to 25 cts.; butter 30 to 40 cts. for country; sweet potatoes 7 to 7 1/2 cts. a bushel; peaches 30 to 50 cts. a peck. There were some fish on the benches—principally rock.

UNFOUNDED REPORT.—The report in circulation this morning to the effect that the banks of the Alexandria Canal at Four-mile Run had been washed away, was entirely incorrect. Navigation on the canal is suspended, but as stated yesterday, the suspension was caused by the breaking of an angle block in the Aqueduct, to repair which the water had to be drawn off. It is understood, however, that the water will be let on again to-night and that boats will arrive on Monday.

A GOOD RUN BETTER THAN A BAD STAND.—Col. Gray, of Colorado, on Thursday last, bet Mr. G. W. Harrison, of this city, \$6,000 that Horace Greeley would not be elected President, and put up \$250 forfeit, the remainder to be deposited in the banking house of Burke & Herbert, in this city, by eleven o'clock yesterday morning. Mr. Harrison's money was deposited on time, but as nothing had been heard of Col. Gray's 2 o'clock this afternoon, Mr. Harrison will receive the forfeit.

CAMP MEETING.—ALEXANDRIAN WOUNDED.—The Jackson Grove Camp Meeting closed yesterday, the rain preventing the usual closing march around the circle from taking place. Thursday night in some tents religious services were held all night. Over a hundred conversions took place during the continuance of the meeting. But a single disturbance took place during the meeting, and that occurred on Thursday night, when it was said a young man from Alexandria was wounded.

TOURNAMENT.—On Tuesday next, 20th instant, a festival will be held at Piscataway for the benefit of St. Mary's (Catholic) church of that place, to be followed on Wednesday, 21st inst., by a grand tournament and ball. The ladies will provide a sumptuous dinner on both days, and every provision will be made for the comfort and accommodation of visitors. A choice band of music will also lend its attractions to the occasion.

A BODY DRIFTED ASHORE.—The Port Tobacco Times of yesterday says that the body of a colored man, supposed to have been accidentally drowned, as no marks of violence were visible, drifted ashore, near Upper Cedar Point Lighthouse, one day this week. The body was clothed with an oilcloth suit, such as is usually worn by fishermen.

BADLY HURT.—On the afternoon of Thursday last, Mr. Samuel Ball, a resident of this county, while at work in Georgetown, fell from a scaffold to the ground, a distance of 35 feet, and seriously injured himself. He was immediately conveyed to his home near Ball's Cross Roads.

RETURNED HOME.—Mr. Thomas Davy, one of the oldest of our citizens, being an octogenarian, has just returned to his home from an extended tour through the West, looking decidedly improved, and giving promise of many years of usefulness among us yet.

COAL SHIPMENTS.—The amount of Cumberland coal shipped from this port during the week ending to-day was as follows:—American Coal Company 2,951 tons; J. P. Agnew 3,547 tons; Hampshire and Baltimore Coal Company 1,340 tons.

RAIN.—Since Wednesday night four and a half inches of rain have fallen—more than fell during the four preceding months. It came in time for most of the corn and the whole face of the country has been greatly improved.

We have received from the book and periodical store of Mr. G. E. French, No. 95 King street, the September numbers of Frank Leslie's and Peterson's Ladies' Magazines with handsome plates and interesting tables of contents.
